GENERAL INFORMATION

★ Abstracts are limited to 400 words, not including the title.
★ The use of “all caps” should be limited to acronyms generally accepted in the field and names of organizations; the full organization name should be used on first reference.
★ Each abstract should be submitted to the most appropriate committee and topic. Review the list of committees and topics carefully to determine the best fit for your abstract. Conference committees and abstract topics are available on the CSTE website at www.csteconference.org.
★ Duplicate abstracts will not be considered.
★ Concluding statements such as “to be completed” should be avoided.
★ All information should be reviewed prior to submission to ensure completeness; abstract revisions are permitted at any time before the abstract submission deadline.
★ By submitting an abstract, please make sure you (or an alternate presenting author) are committing to attend the conference and giving the presentation if the abstract is accepted. All presenting authors are required to register for the conference and pay the related fees. CSTE does not provide a travel allowance, honorarium, or reimbursement for attending the conference.
★ There are no restrictions on the number of abstracts you may submit or on the number of submissions you may be selected to present.
★ CSTE membership is not required to submit an abstract.

ONLINE ABSTRACT SYSTEM

Please follow all directions provided in the online abstract system to ensure your abstract is entered correctly. The online abstract system divides the submission process into steps so that information can be entered, previewed, and saved at each step. The steps in the submission process are shown as links in the left navigation panel. At any time in the process, you may navigate between steps to make revisions or corrections. By following the directions on each page in the submission process, you will automatically proceed through every step needed to submit an abstract.

Review and Submit

After you have completed all steps in the process and are ready to submit an abstract for consideration, please carefully proofread your abstract on the final step – “Confirmation”. To complete your submission, select “Conclude Submission” on the last step. You must correct all errors or omissions before the abstract can be submitted as final. Once you have completed the abstract, you will receive an email confirmation that the abstract has been received. If you exit the system without completing all steps, your abstract will be considered incomplete and you will not receive a confirmation email. 

Once you have decided on your presentation format, the steps involved in the online abstract submission are:

> Step 1 ★ Committee and Topic
> Step 2 ★ Title
> Step 3 ★ Authors
> Step 4 ★ Abstract Text
> Step 5 ★ Confirmation

The Program Planning Committee reserves the right to reassign abstracts as appropriate.

Title

- The title is not included in the abstract word count; however, titles cannot exceed 185 characters.
- Title case should be used where the first word and all other major words (nouns, pronouns, verbs, adjectives, adverbs) and some conjunctions are capitalized.
- Articles such as the, a, an, and, but, for, or and nor should be in lowercase.
- Lowercase the part of a proper name that would be lowercased in text
- Do not begin paper titles with “The”.
- Do not end title with a period.
- Use a concise title that summarizes the content of the abstract.
- Do not use abbreviations, unless they are widely accepted by the field (for example, HIV/AIDS is acceptable in place of Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome).

Keywords

Choose between one and three keywords from the available list that is most relevant to your abstract.

Authors

- The presenting author is defined as the person who will present at the conference. Breakout, rapid-fire, and poster presentations will only have one presenting author. Roundtable discussion may have up to two presenting authors. Only the first presenting author will receive official communications from CSTE regarding abstracts. Only the presenting author(s) will be printed in the final program.
- The submitting author is the author that completes the online abstract submission process. The submitting author may or may not be the presenting author.
- The primary contact for communication should be identified as the first presenting author when a second presenting author is allowed.
- Abstracts should include all pertinent presenting author contact information.
- Co-authors who are not presenting, but contributed substantially to the study design, statistical analysis, or interpretation may be listed as a non-presenting author.
- Formal letters of invitation are sent by e-mail from the CSTE National Office during the first week of March 2015. All first presenting authors receive a formal communication regarding the Program Planning Committee’s determination. Any second presenting authors or co-authors do not receive communications from CSTE.
- It is the responsibility of the first presenting author to communicate with co-authors prior to the presentation. For breakout presentations, the first presenting author is responsible for contacting the session moderator to provide biographic information and coordinate with other presentations in that session.

**Presenter Disclosure**

Presenting authors must disclose to participants prior to speaking any significant financial interest or other relationships with the manufacturer(s) of any commercial product(s) or provider(s) of any commercial services discussed in a session presentation and with any commercial supports of the activity. This pertains to relationships with pharmaceutical companies, biomedical device manufacturers, or other corporations whose products or services are related to the subject matter of the presentation topic. Having an interest or affiliation with a corporate organization does not prevent a speaker from making a presentation, but the relationship must be made known in advance to the audience. Questions regarding CSTE presenter disclosure should be directed to the CSTE National Office.
