ANNUAL CONFERENCE SPONSORSHIP AND EXHIBITOR OPPORTUNITIES

SPONSORSHIP OPPORTUNITIES

The CSTE Annual Conference is a unique, energetic gathering of applied public health epidemiologists and practitioners from across the U.S. and its territories. Attendees meet to share knowledge, best practices, current trends and professional challenges in the field, and carry this information back to their jurisdictions. Recent public health emergencies, such as the global COVID-19 pandemic and the U.S. opioid addiction crisis, have heightened public awareness of the important role of epidemiologists in fighting both infectious and non-infectious diseases. By supporting the 2021 Annual Conference, your organization will raise both its brand recognition and profile with our attendees. You'll engage relevant public health professionals to educate and inform them of your products and services. Your generous partnership will also support CSTE's continued efforts to strengthen the field of applied epidemiology through educational and mentoring opportunities, standards development, systems modernization, and advocacy.

CSTE MEMBERS MATTER

Individuals who attend the CSTE Annual Conference work in applied epidemiology in local, territorial, tribal, state, and federal government. They also work in hospital, laboratory, academic, and private sector settings. Attendees represent the nation's leading administrators, informaticists, biostatisticians, environmental health scientists, veterinarians, outbreak specialists, and more. The Annual Conference provides a dynamic forum for cross-sectoral health experts to unveil innovations, share successes, and shape the future.
