

## GETTING STARTED WITH THE CSTE VIRTUAL CONFERENCE PLATFORM

### LOGGING IN FOR THE FIRST TIME

- 1 Prior to the Conference, go to the virtual platform login page at [https://tools.eventpower.com/event\\_app/user/login/21CSTE](https://tools.eventpower.com/event_app/user/login/21CSTE).
- 2 Enter your email address as directed.  
**Note: Be sure to use the email you used to register.** If you need assistance, contact [CSTE@support.eventpower.com](mailto:CSTE@support.eventpower.com).
- 3 Click "continue" and you will receive an email sent to the email address that was entered with a six-digit code.
- 4 Check your email for another message containing your secure six-digit login pin. **It may take a couple of minutes to receive this email, and please check your spam folders.**
- 5 Enter the login pin and create your own password.

The platform is best supported in Google Chrome. If you are using an older browser like Internet Explorer, please upgrade to [Google Chrome](#), [Firefox](#), [Microsoft Edge](#) for the best experience.

### SUPPORT

If you are in the Virtual Meeting Platform, visit the CSTE Information Booth or live chat with us! Having trouble getting into the platform? Email our IT support line at [CSTE@support.eventpower.com](mailto:CSTE@support.eventpower.com). We are monitoring during the event and will respond as soon as possible.

## MAXIMIZE YOUR EVENT EXPERIENCE

Your first stop in the virtual platform should be to the Edit Profile link in the top right corner of your screen. Please upload your photo and enable chat so you can engage with other members via the platform's chat feature (orange bubble icon on the bottom right of your screen). The conference agenda is set to Eastern Daylight Time, so do not forget to set your time zone if different from EDT.

After that, you'll want to explore the left-hand menu to discover all you can do on the event platform:

- Check out the Agenda to browse the agenda by day, add events to your personal schedule (under My Agenda), and download reminders to your calendar, so that you can come back to join Live Sessions during the conference dates.
- Check out the Poster Hall to view poster images and accompanying files.
- Check out the Exhibit Hall to visit our virtual sponsor and exhibit booths and view accompanying video files and materials, and mark your favorites to visit during live daily exhibit hall hours.
- Participate in this year's Points Race to win daily prizes! Earn points by visiting sponsor and exhibitor booths, viewing poster presentations, uploading your profile photo, chat with an attendee, or attend a session and more.
- See who else is participating under Attendees and exchange Virtual Business Cards (cards shared with you are saved in Favorites).
- Initiate chats (via video or text within the platform) with attendees, speakers, sponsors, and exhibitors to connect with friends old and new.

■ And MORE!

## ABOUT THE VIRTUAL CONFERENCE

The virtual conference will operate on a website platform and will be similar to an in-person conference in the sense that presentations will be organized into sessions and assigned a date and time. We recommend that attendees prepare now by blocking off as much of your calendar as possible during the conference dates of June 13-17, 2021 from 11:00 a.m. to 5:45 p.m. (EDT).

**The time zone for all live conference sessions are Eastern Daylight Time (EDT).** All breakout and plenary sessions will be recorded and available on the virtual platform for up to three months after the conclusion of the event for registered attendees.

**LIVE plenary and breakout sessions** will occur during their assigned conference session date and time where pre-recorded presentations will be played and presenting authors, moderators, and attendees participate in live chat and Q&A. Pre-recorded presentations are required for conference production and to avoid potential presenting author technical difficulties during day of sessions. Presenting authors will attend the live session date and time to participate in chat discussions and answer questions. Plenary presentations may occur live and not pre-recorded.

**LIVE workshops, roundtables, and networking sessions** will occur during their assigned conference session date and time where attendees will participate in live discussions. Workshops will host live presentations, discussions, and some may host breakout sessions. Roundtables and networking sessions do not host formal presentations as they are intended for robust discussions among attendees. Workshops may or may not be recorded for on-demand viewing later depending on the session. Roundtables and networking sessions are not recorded for on-demand viewing later.

**ON-DEMAND poster and breakout sessions** will have an assigned conference session date and time for scheduling, but will be available for viewing at any time when the virtual platform is opened to attendees and for up to three months after the conference. There will not be a live chat or Q&A during these sessions. However, attendees will be able to leave written questions and presenting authors are expected to respond to those questions on the virtual platform in a timely manner.

## CONTINUING EDUCATION

The CSTE Annual Conference is a gathering of public health professionals and practitioners focused on epidemiology and informatics. Each year the conference content is determined by the abstracts submitted.

The educational purpose of the CSTE Annual Conference is to offer professionals and practitioners the opportunity to enhance their knowledge, improve their surveillance and epidemiology skills, and exchange information on best practices and strategies in applied epidemiology.

## LEARNING OBJECTIVES

- Identify at least 3 best practices in applied epidemiology.
- Describe at least 3 best practices for surveillance and epidemiology.
- Discuss at least 2 public health practice skills presented in workshops.
- Identify at least 2 strategies and tools to improve public health practice.
- Articulate the importance of interprofessional collaboration for applied epidemiology.

## TYPES OF CONTINUING EDUCATION

Continuing education for this activity is pending. Details on how to register and claim CE will be released June 2021 pending activity approval. All details will be accessible through the CSTE Conference website.

CSTE has partnered with CDC to provide continuing education to conference attendees. CSTE anticipates offering up to 13 hours of continuing education for:

- Doctors
- Nurses
- Health Educators
- Veterinarians
- Certified in Public Health
- General Practitioners

**For additional questions regarding continuing education, please contact Jessica Arrazola ([Jarrazola@cste.org](mailto:Jarrazola@cste.org)).**

**CSTE Virtual Conference** June 13 - 17  
**#CSTE2021**

## POSTER PRESENTATIONS

All poster presentations will be available for on-demand viewing when the platform opens to registered attendees and for up to three months after the conclusion of the event.

## WORKSHOP SESSIONS

Breaks this day are scheduled by individual workshop

### 11:00AM – 4:00PM

Environmental Health	Utilizing a Transdisciplinary Approach to Address Environmental Hazards
Influenza	National Meeting of Influenza Surveillance Coordinators
Injury Surveillance	Moving Injury Data to Action
Legionnaires' Disease	Building Bridges: A Multidisciplinary Approach to LD Prevention
Maternal and Child Health Symposium	Maternal and Child Health Symposium: Improving MCH Population Health Data and Addressing Emerging Surveillance Challenges
Occupational Health Surveillance	Surveillance Skills, Stretches, and Strategies
Substance Use and Mental Health	Visualizing Connections
Surveillance / Informatics	Interoperability - Building Bridges to the Future
Vectorborne Disease	Improving Public Health Practice for Vector-Borne Diseases

### 12:00PM – 5:00PM

Healthcare Associated Infections and Antimicrobial Resistance	Healthcare-Associated Infection and Antimicrobial Resistance Workshop
Hepatitis C Surveillance	Methodologies to Inform Prevention and Elimination

### 12:30PM – 5:00PM

Enteric Disease	Lessons Learned: Challenges and Successes after the Implementation of WGS
-----------------	---

### 1:00PM – 5:00PM

Chronic Disease and Oral Health	Addressing Challenges from 2020
---------------------------------	---------------------------------

### 3:00PM – 5:00PM

State Epi Forum (*Invitation Only*)

**POSITION STATEMENT OFFICE ■ 8:30AM – 4:00PM**

 Position Statement  
Office (Members Only)

Visit the office to view proposed position statements and for author support from CSTE Staff.

**NETWORKING SESSION ■ 11:00AM – 11:30AM**

Celebration of Public Health Epidemiologists

**BREAK/EXHIBIT HALL ■ 11:30AM – 11:45AM**
**PLENARY SESSION ■ 11:45AM – 12:45PM**
**Live**

Racism, Equity, and Social Justice

**Torian Easterling, M.D., MPH**
*First Deputy Commissioner and  
Chief Equity Officer*

 New York City Department of  
Health and Mental Hygiene

**Linda Rae Murray, M.D., MPH**
*Adjunct Assistant Professor*

 University of Illinois School  
of Public Health

**BREAK / EXHIBIT HALL ■ 12:45PM – 1:00PM**
**BREAKOUT SESSIONS ■ 1:00PM – 2:00PM**

 Chronic Disease /  
MCH / Oral Health I

**Live**

 Hills and Valleys: Exploring the Complexities of Neonatal Abstinence  
Syndrome Surveillance

 Chronic Disease /  
MCH / Oral Health II

**On-Demand**

 The COVID-19 Pandemic: Expanding and Exploring Emerging Surveillance  
Topics

Cross Cutting

**Live**

 A Real-Time Unveiling of the Effects of being Exposed and Vulnerable during  
COVID-19

Environmental Health

**On-Demand**

 Calling on the Legion of Super-Heroes: Combatting Legionnaires' Disease  
Outbreaks

Infectious Disease I

**Live**

The Elephant in the Room: Zoonotic Diseases

Infectious Disease II

**Live**

Doing STI/HIV/HEP C Surveillance in a Remote World

Infectious Disease III

**On-Demand**

Six Fungi Walk Into a Bar

Infectious Disease IV

**On-Demand**

Lightning Session: Emerging Infectious and Viral Respiratory Diseases

Injury

**Live**

Violence and Suicide Methods and Linkage

Occupational Health

**Live**

CSTE Occupational Health Surveillance Subcommittee Business Meeting

Continued on following page.

**BREAKOUT SESSIONS ■ 1:00PM – 2:00PM** *Continued from previous page.*

Substance Use I	Live	Surveillance MethODs: Implementing Strategies and Solutions in Overdose and Substance Use Surveillance
Substance Use II	On-Demand	Methods in Alcohol Epidemiology: Assessing Outlet Density, Costs, and Indicators of Impaired Driving
Surveillance / Informatics I	Live	At the Confluence of Innovative Informatics and a Novel Virus: Best Practices from the Field for COVID-19 Surveillance
Surveillance / Informatics II	Live	Traversing the SyS-pension Bridge: Syndromic Surveillance Efforts in Detection, Reporting, and Analysis
Surveillance / Informatics III	On-Demand	It's a Beautiful Day in the Neighborhood for Improving Data Quality, Completeness, and Standardization

**BREAK/EXHIBIT HALL ■ 2:00PM – 2:15PM**
**ROUNDTABLE SESSIONS ■ 2:15PM – 3:00PM**

Sponsors	Live	CSTE Foundation Update (Sponsored by CSTE Foundation)	 <b>CSTE   FOUNDATION</b> <i>Supporting our Nation's Epidemiologists</i>
Sponsors	Live	Climbing Mt. Quandary: Navigating major data modernization decisions in pandemic recovery (Sponsored by SAS)	
Cross Cutting I	Live	Get in the Game: Developing and Enhancing Genomic Epidemiology Capacity for Public Health	
Cross Cutting II	Live	Evaluating Legal Authority to Control COVID-19	
Cross Cutting III	Live	Poison Center and Public Health Collaboration Community of Practice: Improving Health Surveillance and Public Health Impact through the Strengthening of Inter-Agency Relationships	
Environmental Health	Live	How Epidemiologists Can Move Forward in Responding to Oil and Natural Gas Production Health Concerns: A Problem in Pennsylvania and Beyond	
Infectious Disease I	Live	Improving Public Health Response to Reoccurring, Emerging, and Persisting (REP) Strains of Enteric Bacteria	
Infectious Disease II	Live	Updating the Zika Virus National Surveillance Case Definitions	
Injury	Live	Web-Based Injury Statistics Query and Reporting System (WISQARS): Planning for the Future of Injury Surveillance	
Occupational Health	Live	Occupational Health Indicators Workgroup Meeting	
Substance Use	Live	CSTE Substance Use and Mental Health Subcommittees Meeting	

*Continued on following page.*

**ROUNDTABLE SESSIONS ■ 2:15PM – 3:00PM** *Continued from previous page.*

Surveillance / Informatics I	Live	Reportable Conditions Knowledge Management System (RCKMS) Community of Practice Roundtable
Surveillance / Informatics II	Live	COVID-19 Case Investigation and Contact Tracing Data Collected from Health Departments from October 25 to November 25, United States

**BREAKOUT SESSIONS ■ 3:00PM – 4:00PM**

Chronic Disease / MCH / Oral Health I	On-Demand	Using National Survey Surveillance Systems to Explore Critical CD/MCH Topics
Chronic Disease / MCH / Oral Health II	On-Demand	MCH Surveillance: Pregnancy-Related Outcomes
Cross Cutting I	Live	Mitigating the Impacts of COVID-19
Cross Cutting II	On-Demand	Surveilling the Expanse of Health Disparities
Environmental Health	Live	Unmasking COVID-19 in Environmental Health Surveillance
Infectious Disease I	Live	AR Labs and Bugs
Infectious Disease II	Live	Bridge over Troubled Water – COVID-19 Testing and Outcomes
Infectious Disease III	On-Demand	Laying the Foundation for Enteric Disease Surveillance
Infectious Disease IV	On-Demand	Lightning Session: The Whole Pierogi: Enteric Diseases, Hepatitis, HIV and STD
Injury	On-Demand	COVID-19 Injury Trends and Adverse Childhood Experiences (ACEs)
Occupational Health	Live	COVID-I: Approaches to Surveillance of Occupational COVID-19
Substance Use	Live	Bridging Gaps: Reaching Vulnerable Populations
Surveillance / Informatics I	Live	A Canary in the COVID-19 Coal Mine: Tools for Contact Tracing and Exposure Notification
Surveillance / Informatics II	On-Demand	Tales from Beyond the Trailhead: Efforts to Advance Surveillance Practice for Injury, NAS, and Occupational Health
Surveillance / Informatics III	On-Demand	Surveillance/Informatics Lightning Session

**BREAK / EXHIBIT HALL ■ 4:00PM – 4:15PM**

**ROUNDTABLE SESSIONS ■ 4:15PM – 5:00PM**

Sponsors	Live	Sustaining and Maintaining Public Health Financing in a Post-COVID World (Sponsored by InductiveHealth Informatics, Inc.)	
Cross Cutting I	Live	CDC's Health Department Liaison Officers: Establishing a Point of Contact for Partner Needs during COVID-19 Response	
Cross Cutting II	Live	New Direction(s) for CSTE Health Disparities Subcommittee	
Cross Cutting III	Live	Bridging the Infectious and Non-Infectious Silos to Address Novel Outbreaks	
Environmental Health	Live	Organizational and Operational Challenges during the 2020 Sars-Cov-2 Serosurvey in Maricopa County, Arizona	
Infectious Disease I	Live	Collaboration between State and Local Jurisdiction Epidemiologists to Eliminate Viral Hepatitis	
Infectious Disease II	Live	Antimicrobial Resistance Surveillance Task Force: Progress and Future	
Infectious Disease III	Live	(Members Only) Infectious Disease Position Statements Roundtable I	
Injury	Live	Enhancing Human Trafficking Surveillance Capacity: Experiences Developing a Statewide Surveillance Plan	
Occupational Health	Live	Where You Work Matters: Recognizing the Value of Collecting Industry and Occupation for COVID-19 and Other Infectious Diseases	
Substance Use	Live	CSTE PMP Subcommittee Roundtable	
Surveillance / Informatics I	Live	Data Modernization at Warp Speed: Lessons from a Decade of Collaborative Governance and Implications for the Future	
Surveillance / Informatics II	Live	Developing Data Quality Reports or Tools at CDC for Jurisdictions to Use to Monitor Data Submitted to the National Notifiable Diseases Surveillance System (NNDSS)	

**BREAK / EXHIBIT HALL ■ 5:00PM – 5:15PM**

**NETWORKING SESSIONS ■ 5:15PM – 5:45PM**

	Live	How can CSTE support you?
	Live	The future of public health
	Live	Promoting diversity in the workplace
