Conference Evaluation

Please plan on giving us your feedback about the CSTE Annual Conference by completing a conference evaluation. Starting June 28, 2023 a link to the overall online evaluation will be available on the CSTE conference website and at www.cste.org/2023conferenceeval.

All those completing an overall conference evaluation by July 28, 2023, will be eligible for our prize drawings.

Continuing Education Credits

CSTE is offering continuing education (CE) in partnership with the Centers for Disease Control and Prevention at the 2023 CSTE Annual Conference for doctors, nurses, health educators, veterinarians, those Certified in Public Health (CPH), and general practitioners. Up to 13 hours will be available at no additional cost, pending application approval, for attending conference workshops, the Jonathan Mann Lecture and select plenary sessions. Instructions to claim CE will be posted on the conference website and emailed to attendees after the conference.

Lactation Rooms

Lactation rooms are available at the Salt Palace Convention Center off of the Lower Concourse between the North Ballroom Foyer and Room 150 A (underneath the triple escalators) and across from Room 254 between the bathrooms.

Lost and Found

Items accidentally left in meeting rooms may be turned in at the CSTE Registration Desk. Any items not retrieved by the close of registration each day will be turned over to the convention center or hotel security.

Luggage

Due to security concerns and limited meeting space, CSTE cannot hold luggage for attendees. Please check with your hotel for options to store your luggage. Luggage should not be brought to a meeting room if it obstructs pathways in the room.

Masking

Masks will be optional during all meeting and gathering functions. All attendees should be mindful and respectful of other attendees when eating, drinking, or presenting. A limited number of masks will be available at the Check-In & Registration desks, and attendees are encouraged to bring a mask, if preferred. CSTE will not monitor or enforce mask usage by individual attendees, but we ask attendees to honor the request of others to physically distance. CSTE reserves the right to ask an attendee to leave should they be deemed rude, uncooperative, or disrespectful.

Meeting Locations

Conference sessions are at the Salt Palace Convention Center and Hyatt Regency Salt Lake City. Meeting rooms are displayed in color by venue on the floor plan and throughout the pocket agenda.

SPEAKER BIOS

Ben Abbott, PhD

Brigham Young University

Ben Abbott was born in Nashville Tennessee and grew up in Orem Utah. He got interested in science and nature from watching TV and mountain biking in the foothills of Mount Timpanogos.

Near the end of his senior year at Orem High, he slipped on a pamphlet for the Quinney Scholarship at Utah State University and applied to the Watershed and Earth

Ben Abbott, PhD *(continued)*

Systems Science program. During his B.S., he worked as an undergraduate researcher in northern Alaska, investigating how fish influence nutrient cycles in Arctic lakes. That led to his Ph.D. at the University of Alaska Fairbanks, where he studied permafrost climate feedbacks using interdisciplinary techniques to quantify how Arctic and Boreal ecosystems respond to climate change. After finishing his Ph.D. in 2014, he worked as a Marie Curie postdoctoral fellow at the French National Science Foundation (CNRS). While in western France, he studied the effects of agriculture and urbanization on aquatic and marine ecosystems.

Ben is currently an assistant professor in the Environmental Science & Sustainability program at BYU. He works with a large team of creative and passionate students and postdoctoral researchers to understand and encourage sustainability and reciprocity among all members of the human family and all creation. Specifically, they use methods from ecosystem ecology, evolutionary biology, energy system modeling, and social science to understand and decrease environmental pollution, measure and mitigate the effects of climate change, and protect vulnerable human and nonhuman communities worldwide. He has been married to Rachel Gianni Abbott for twelve years, and they have four children who take after them in their love of animals, TV, and biking. For more information, visit his blog, *Approximately Limitless*.

**Abdul El-Sayed, PhD, MD**

*Wayne County Department of Health,

Dr. Abdul El-Sayed is a physician, epidemiologist, and public servant. He serves as director of Wayne County's Department of Health, Human & Veterans Services and health officer

for the county, serving 1.8 million residents of Michigan's largest and most diverse county under Chief Executive Warren Evans. Abdul hosts Crooked Media's award-winning "America Dissected" podcast, attracting tens of thousands of weekly listeners to go beyond the headlines to explore the intersection between health and society. His three books include "Healing Politics," calling for a politics of empathy to cure our epidemic of insecurity, and "Medicare for All: A Citizen's Guide" with Dr. Micah Johnson. His over 100 peer-reviewed publications have earned over 3,000 citations. He holds academic appointments at the intersection between public health, public policy, and politics at the University of Michigan Gerald R. Ford School of Public Policy, the FXB Center for Health & Human Rights at the Harvard T.H. Chan School of Public Health, Wayne State University, and American University. He is formerly the health director for the city of Detroit, candidate for governor of Michigan in 2018, and commentator at CNN. He's a proud member of the National Writers Union, AFT Locals 477 and 6244, SEIU Local 500, and the AAUP.

notes

The image is a full-page decorative background. It features a light green, geometric, low-poly pattern. Overlaid on this is a large, stylized house shape defined by a thick green border. The word "notes" is positioned in the top left corner in a dark blue, serif font. The interior of the house shape is white and contains horizontal lines for writing. The lines are thin and light gray, with a slight gap at the top left where the word "notes" is located.
